O'Dwyer Will Be Witness In Crime Probe

Former New York Mayor To Appear In Probe Monday

NEW YORK, Mar. 17.—(INS)—Frank Costello moved over today to make way for former Mayor William O'Dwyer as a star witness before the Senate Crime committee investigation of alleged political-underworld tieups in New York.

O'Dwyer flew into New York last night from Mexico, where he is now U. S. Ambassador, and pronounced himself "ready to appear" Monday before the committee, which is in weekend recess.

But he declined to talk in advance about what he may say. He had no comment on a variety of questions such as testimony by previous witnesses about meetings O'Dwyer allegedly had with Costello from time to time.

Dewey May Appear

Reports that Gov. Thomas E. Dewey may appear before the Senate committee in regard to testimony about wide-open, allegedly political-gambling at Saratoga Springs, upstate New York, and racing center, persisted in the face of denials.

James C. Hagerty, secretary to the governor, denied published stories in two Chicago newspapers that the governor would be a witness. Committee counsel said Dewey had not been called, but would be welcomed if he wanted to come to New York to appear.

Dewey has been ill for several days with a virus infection. Hagerty announced yesterday that Gov. Dewey has called for all testimony about going on at Saratoga, including the disclosure that it has been state police policy not to interfere with gambling at the famous resort.

To Cite Costello

Sen. Kefauver, committee chairman, called a meeting in Washington today for Senate action to cite Costello for contempt for his two walkouts from the hearings. The committee also has uncovered evidence of links between New York police-political figures and the underworld.

At yesterday's session Costello made a brief appearance but refused to answer questions on the grounds that he was too ill to testify and think clearly.

As Holy Week and Easter are near, local residents are hoping that the weather will brighten up, as many services will be conducted in the various churches of the city. Both day and evening programs are to be conducted during the week climaxed by the great services, Easter Sunday. A few sunrise services are in the offing for Easter Sunday.

Local residents are learning that it pays these days to have their mail addressed properly it won't be delivered. Mail with no house number or other scant information is being returned for better addressing. Previously, directory service was used and the mail forwarded, but this process has been eliminated.

Local service stations are taking up their annual duty of filling the road map rack with a new supply as residents begin planning next summer trips. Most of the maps (Continued on Page Two)

New Record For Aerial Attacks

More Than 5,090 Sorties Made Last Week In Korea

FIFTH AIR FORCE HEADQUARTERS IN KOREA, Mar. 17.—(INS)—Allied fighters and light bombers hit the Communists with more than one combat sortie every two minutes last week for their biggest seven days of the Korean war.

Maj. Gen. Earle E. Partridge announced that his Fifth Airforce Tactical Aircraft topped all previous weekly records with 5,090 sorties for the week ending at midnight, March 16th.

The air force concentrated on close support of ground troops and blocking the flow of Communist supplies and reinforcements.

Lengthening daylight and excellent flying weather throughout the week enabled pilots to far surpass the former record of 3,750 sorties flown during the previous week.

The unceasing attacks also resulted in three new record claims of destruction and damage against enemy targets.

Communists attempts to resupply front line positions were hampered constantly throughout the week, General Partridge said.

Wider Probe Of 'Influence' In Government Sought

By CHARLES B. SEIB
(U. S. Staff Correspondent)

WASHINGTON, March 17.—Senators of both parties today want to make the Federal loans probe a springboard for a cell-to-cell investigation of influence and favoritism in the government. Sen. Hoey (D. N.C.), who steered last year's "five percent" inquiry, announced his seasoned probes are willing to undertake the job and would lend an ear to all charges of unethical or improper conduct in Federal agencies.

Hoey got a resounding endorsement from Sen. Fulbright (D. Ark.), whose banking subcommittee ripped the lid off scandals involving the Reconstruction Finance corporation.

Fulbright said that the RFC inquiry is nearly over and that a newer, broader investigation of "morals and ethics in government" is the next step.

He said he plans to refer cases involving the Maritime commission and the internal revenue bureau, first disclosed in the RFC hearings, to the Hoey subcommittee for further action.

A Republican member of the Hoey group, Sen. Mundt (S.D.), strongly supported immediate entrance into the investigation and declared that it would be tragic to have this investigation fizzle out at this time.

Say Millions Made Selling Army Surplus Back To U.S.

By RAYMOND WILCOVE
(U. S. Staff Correspondent)

WASHINGTON, Mar. 17.—Senate "five percent" probe records today linked President Truman's military aide, Maj. Gen. Harry Vaughan, with the man who allegedly made millions selling American army surplus back to the United States.

A House committee investigating the sell-backs announced, meanwhile, that it will summon former Lt. Gov. Charles Poletti of New York and ex-assistant Defense Secretary Paul Griffith to testify on the deals.

Also scheduled to testify on what Chagman Bonner (D. N.C.), called a "shocking" profit-making deal are Morris Klein of the Oakland Truck Sales Co., of Pittsburgh, and some unidentified persons.

Bonner said he had been informed that "five percent" probe records: now 18 months old, show Vaughan once intervened in writing with U. S. military authorities in Europe on behalf of the mysterious Briton, George Dawson.

Dawson is said to have made 100 million dollars on army surplus in Europe.

Food Prices Regulations To Be Issued

WASHINGTON, March 17.—The government is getting set to roll back food prices by trimming the margin of grocers' profits to their pre-Korean war level.

According to government sources, Price Controller DiSalle will issue three regulations next week holding grocers' and food wholesalers' mark-ups to what they were before June 25, 1950.

Other defense mobilization spokesmen, meanwhile, say next week may also see a new wage stabilization plan substituted for the one that caused organized labor (Continued on Page Two)

Mystery Blast In Ohio Sector

(BULLETIN)

CINCINNATI, O., March 17.—(INS)—A mysterious explosion today rocked the western sector of Hamilton county, shaking concrete walls and shattering window panes in homes and business places for a 20-mile radius.

Several persons reported seeing white smoke in the sky a few moments after the explosion.

The plane was reportedly heading toward Lockbourne air base near Columbus for a crash landing. However, no one could be contacted at the base for comment.

A spokesman at the fire station at Lockbourne said the department had been alerted "for such a plane." The fire department spokesman declined further comment.

Franco Charges Reds Seeking To Disturb Spain

By KINGSBURY SMITH
European General Manager, International News Service

PARIS, March 17.—Generalissimo Francisco Franco charged today that international Communism is attempting to disturb the "internal order and peace" of Spain. In an exclusive statement to International News Service in reply to a questionnaire asking whether he suspected that foreign influences were involved in the recent strikes and disorders, Franco said:

"Ever since the end of the great war, international Communism has been laboring to disturb internal order and peace by smuggling gunmen and terrorists across our frontiers.

"These efforts over the years have met with failure.

"Following disclosure of other criminal activities in France, some slipped clandestinely into Catalonia. They prodded accomplices into playing on the natural sentiments of the classes most affected by the high cost of living and incited a labor stoppage which could be exploited in their propaganda abroad.

"This was obvious by the way that foreign groups allied with them echoed their cry.

"These subversive moves have been stimulated by the lack of economic assistance we have suffered and by the fallacious and irresponsible statements of some foreign politicians."

U.N. Forces Use Caution While Pushing Ahead

Believe New Defense Line Of Communists Will Be Encountered

By LEE FERRERO
(U. S. War Correspondent)

TOKYO, March 17.—United Nations forces shot cautious patrols forward on the Korean front today to seek out and kill Communist troops pulling back to a new defense line near the 38th Parallel.

Allied officers said that the Communists numbering anywhere from 200,000 to 250,000 men offered only light rearguard opposition as they carried out an orderly withdrawal to the north.

Sketchy reports which censorship permitted said that Americans on the central front northwest of Hanchon repulsed a counter-thrust by a company of Chinese Reds.

On the western front near Seoul which is now in Allied hands American and South Korean patrols probed vigorously forward trying to maintain contact with the enemy.

Visited by Gen. MacArthur

General MacArthur made a flying visit to the central front to tour the area held by U. S. marines. He described the visit as "routine" and said he merely wanted to see his "old friends." MacArthur leaped to a point within 2,000 yards of the frontlines.

On the ground, from the air and from the ocean, the Communist troops—wherever they could be found—met relentless fire from Allied infantrymen, planes and warships.

The enemy continued by the hour to pay a frightful toll in casualties.

The U. S. Navy announced in Tokyo that at least 8,000 Communist soldiers were killed or wounded Thursday in bombardment of Red troop concentrations in the Wonsan area on North Korea's east coast.

Allied ground forces exacted a comparatively light toll Friday. The Eighth Army reported that 950 enemy soldiers were killed or wounded on that day and 77 captured. The enemy casualty list in ground action alone had previously (Continued on Page Two)

Gen. MacArthur Visits Front

ON THE KOREAN KOREAN FRONT, March 17.—(INS)—General Douglas MacArthur flew to the Korean central front today on his thirteenth visit since the war started.

The supreme United Nations commander said he wanted to see his "old friends"—the Marines operating above the mid-Korean road hub of Hanchon.

After landing in his plane, MacArthur got into a jeep and rode along winding dusty roads which brought him within 2,000 yards of the frontlines.

A dispatch from Tokyo said MacArthur returned to Tokyo at 7:18 p. m.—5:18 a. m. EST.)

Two Men Slain In Gun Battle With Police

PALMYRA, N. J., March 17.—(INS)—Police said today an armed prowler, one of two men slain in a gun battle last night, actually was on a mission to collect an alleged \$3,200 horse bet.

The double shooting occurred in a private garage at Palmyra. One of the victims, Charles Cameron, 41, of Palmyra, was killed when he was caught in a cross-fire between the alleged prowler and police.

Officials identified the allegedly disgruntled horse bettor as Leo Josefowski, 25, of Riverside, N. J.

According to police, a bullet from Josefowski's gun cut down Cameron. A policeman shot the prowler after cornering him in the garage a short time later.

Authorities said the alleged prowler was waiting for Salvatore Fabatore, 47, to return home.

Fabatore, according to police, is a bookmaker.

A spokesman said it was learned Josefowski accosted Fabatore, Cameron's brother-in-law, on Wednesday night also, seeking to collect his purported winnings.

The victim allegedly brandished a gun in the first appearance, police said. Fabatore denied owing Josefowski any money.

Dr. Burton and H. D. Lose reported \$850.01 for the schools and \$1,090.00 for the railroads, both over 100%.

Ellwood City has come through thus far with 73% of its \$10,400 quota according to Chairman Denny Schill. He reports \$7,586 for Ellwood City.

Record Plane Attacks

In the air, UN war planes flew a record number of 1,123 sorties Friday and killed or wounded at least 650 enemy troops.

Allied ground troops were following a familiar pattern in their "Operation Killer" designed to destroy as many enemy troops as possible and prevent the Reds from mounting a spring counter-offensive.

American and Greek forces were pushing through the mountains above Hongchong on the central front to within a dozen miles of the key enemy supply and command center of Chuchon only seven miles below Parallel 38.

The Allied foot-sloggers met only light opposition and brushed it aside to break through toward the plain on which Chuchon lies.

Allied officers had figured that Chuchon was of vital importance in the Red strategy but hastily reconsidered when they noted only light enemy opposition in the area. Some officers believe the enemy may be planning to fall back to the Kumkwa area, 33 air miles north of Chuchon and 20 miles above the 38th Parallel.

Make Make Stand

In some Tokyo quarters it was believed that the Reds may make a stand on the parallel itself in the hope of negotiating a political settlement of the war centered on the imaginary boundary between Democratic South and Communist North Korea.

Front dispatches emphasized that the Communist withdrawal was orderly and Allied troops were attempting to hold or regain contact to keep the enemy off balance and forestall anticipated counter-blows.

The terrific naval bombardment of the east coast was an example of the Allied strategy of hitting the enemy where it hurt most—supply lines and troop concentrations.

A navy communiqué said:

Warships Attack

"Aerial reconnaissance of the enemy troops barracks area in the vicinity of Wonsan reveals extensive damage was inflicted by the light cruiser Manchester, the U.S. destroyer English, The Netherlands destroyer Evertsen and the U.S. frigates Sausalito, Glendale and Burlington on the 15th of March. The barracks area was completely demolished and from the vast number of bodies seen it is estimated that at least 6,000 enemy troops were killed and wounded.

"On the same day the U.S. destroyer Lind bombarded an enemy troop concentration at Singi in the Wonsan area, and again observed damage to the enemy. It is estimated that the enemy suffered 2,000 casualties in killed and wounded."

The crescendo of air activity rose in coordination with navy and ground attacks. The record 1,123 sorties flown by the Far East air forces Friday brought to more than 6,000 the number of combat missions flown in six days.

Join U.S. Forces

South African, Australian and shore-based American marine fighter pilots joined with the U.S. Air Force in blasting enemy troops and big bombers pounded supply and communication centers behind the front.

In the interior of the embattled peninsula, the Communists had given up many strong points without a struggle. Seoul, the Korean national capital—a psychological factor rather than a militarily important area—along with the mid-Korean road hub of Hongchong fell to the advancing UN troops during the week.

The ultimate purpose of the enemy's general withdrawal across the 120-mile wide waist of the Korean peninsula was not yet clear to Allied intelligence officers. But whatever the Communist intent might be, the Allied troops were still operating under the plan of their "Killer Offensive" and disregarding "real estate" in their unceasing destruction of Red troops.

County Outnumbers

The largest delegation at the service on Friday was from the county which far outnumbered the city group. L. Butler Hennon, county Sunday school superintendent and Paul Weller, president New Castle Superintendent's Council were introduced.

The musical program was excellent Friday evening, with the Eureka Jubilee Singers pleasing with several selections. The choir led by Rev. John Troy, was in excellent form. Rev. Troy pleased with a vocal selection.

Prior to giving his sermon, Dr. Appelmann personally commended Rev. George Jones, general chairman for his excellent leadership both prior to and during the campaign. The subject of the evening was chosen from Hebrews, "How shall we escape if we neglect so great salvation?" Dr. Appelmann pointed out the greatness of Salvation, why people neglect it and the only way to escape judgment.

The final week night service is planned this evening, when Dr. Appelmann will use "The Second Coming of Christ" as his theme. Another special musical program will precede the message.

The temperature of the air increases 225 degrees between 20 and 30 miles altitude.

Disalle's food profit margin orders are tailored for the big grocery chains, independent grocers and the wholesalers who do business with both.

Observers pointed out, however, that despite profits pruning, the defense mobilization law still lets food costs rise until the farmer is getting "parity" prices—returns that will assure the growers a fair differential between income and outgo.

The Labor department reported yesterday that its index of wholesale prices—which includes food—dropped a tenth of one per cent in the week ending last Tuesday.

Young Nurses Receive Caps

the young women marched in to the places reserved for them, the invocation was given by Rev. Thomas J. Jones, pastor the First Congregational church.

Dr. Bennett Speaker

The student chorus then presented a group of numbers under the leadership of David W. Rees, their director. This lovely presentation revealed the fact that the student nurses have other talents beside that of nursing.

Dr. G. S. Bennett, pastor of the First Christian church, followed with the address of the evening, which stressed loyalty as its theme.

He pointed out that the members of the class should set high ethical standards and give loyalty to themselves, the hospital, their profession and the church.

He urged them to give unstintingly of themselves, to bring cheer to those who are unfortunate enough to be in their care, but in doing so, he pointed out that they might have an obligation to themselves, to keep themselves physically fit and to develop their intellect and character.

He also urged them to give themselves to their church, pointing out that while the work they are training to do is godlike in nature, they should not neglect their religious duties. Everyone, he stated, in this day and age is born with an inner acceptance of religion, but that sometimes as life goes along people develop inhibitions against religion.

Ceremony Follows

Greetings and well wishes to the group were brought by Joseph P. Friedheim, director of the hospital, and Dr. William E. Good, pastor, president of the medical staff of the hospital.

Sen. Vandenberg's Condition Worse

(BULLETIN)

GRAND RAPIDS, Mich., Mar. 17.—(INS)—Michigan's ailing Sen. Arthur H. Vandenberg took a turn for the worst today and his condition was described as "not good."

The 66-year-old Republican statesman's physician, Dr. A. B. Smith, issued a bulletin this morning stating:

"The temporary alleviation of his symptoms noted yesterday is not present today. His condition is not good."

He urged them to give unstintingly of themselves, to bring cheer to those who are unfortunate enough to be in their care, but in doing so, he pointed out that they might have an obligation to themselves, to keep themselves physically fit and to develop their intellect and character.

He also urged them to give themselves to their church, pointing out that while the work they are training to do is godlike in nature, they should not neglect their religious duties. Everyone, he stated, in this day and age is born with an inner acceptance of religion, but that sometimes as life goes along people develop inhibitions against religion.

Husbands were guests when the East Side W.C.T.U. enjoyed a tureen dinner in the Third United Presbyterian church.

Dinner was served by the social committee, Mrs. Allen Cartwright, Mrs. F. L. Sturdevant and Mrs. Sara Ambuster. Dr. J. Paul Graham, pastor of the church, offered grace.

Mrs. Ida Howe led devotions, her theme being "The Light of His Word." After a season of prayer, Mrs. Scott Munnell presented the special guests, Rev. and Mrs. F. Dickson Marshall, Howard Earl, of the City Rescue Mission, and Dr. Graham.

A girls' chorus directed by Miss Greta McGaffie, pleased with three lovely selections. Mr. Earl told of his wayward life and what the mission had done for him. Rev. Marshall gave an inspiring talk on the mission's activities. Dr. Graham also discussed the mission's work.

The group's next meeting will be at the Almira Home on Monday evening, April 9.

There's A Way To Wear Clothes

Proper Method Is Shown Girls

There's a right way and a wrong way to wear clothes and on Friday afternoon the girls of the Benjamin Franklin junior high school were shown both ways.

The show was sponsored by the Personality club of the school with Mrs. Frank Christofor in charge of the program. Mrs. Christofor told the girls the purpose of the program and then "models" selected from senior high school came on stage. Some of them wore color combinations that shrieked, then models came on showing the proper color combinations, types of accessories to be worn with various clothes and how to wear them.

Miss Mary Scherger of the Franklin staff introduced Mrs. Christofor. Mrs. Richard Marquis acted as narrator of the program. Sponsors were Miss Eleanor Smith, Mrs. John P. Brinton and Mrs. Bart Richards. A question box discussion followed with junior high girls answering them.

Senior high school girls who served as models were Nancy Earl, Marcia Ward, Kay Spencer, Dolly Kosciuszko and Carlotta Christofor. Junior high girls of the Personality club who participated were Phyllis Kirkwood, Jean Ann Cooper, Elizabeth McBride, Geraldine Ricco, Marian Williams, Barbara Hall and Joanne Cooper.

Lincoln-Garfield Parent-Teachers Plan Activities

Members of the Lincoln-Garfield P. T. A. met recently at the school with president, Mrs. Clyde Williams, conducting business. Various committee reports were presented during the session. Mrs. Williams read a letter from the finance committee of the New Castle City Council of P. T. A.

The project committee has purchased records for the school, and have set aside a fund whereby the teachers may buy costumes for school programs. Chairmen are to send their yearly reports to the city council. Mrs. Earl, Miss McCabe, Mrs. Hasson and Mrs. ZeBatakis have been named to the nominating committee.

Plans were made for the unit to sponsor a Boy Scout troop at the school, with Mr. Naples to be scoutmaster. Miss Maxwell and Miss Walker tied for the award for having the most parents represented at the meeting.

Wayne Walters introduced Mrs. Ruth Forsyth, executive director of the Lawrence County Girl Scouts, who spoke on the purpose of scouting and the progress that Lincoln-Garfield has made in the past year with the scout troop. She entertained the members by showing slides of camp life.

Refreshments were served in keeping with the Easter theme, with Mrs. Agnes Amode as chairman of the committee. Aides included Mrs. Josephine DeRobbio and Mrs. DeCaprio.

THE TRAINMEN'S SIDE DO YOU KNOW

You and I, through the U. S. Army, are spending \$42,500 per month, over a half million yearly, to keep the Railroads' profits intact, including salaries of a Brigadier General, 12 Colonels, 10 Lieutenant-Colonels, one Captain, three Lieutenants, one Sergeant and 8 Clerks. No profits are taken or any charge made to the railroads. Actually the railroads are run by the railroad officials, not the Army.

"Running out on an agreement like a bunch of Russians", as stated by President Truman, was only the lawful right of Union members to refuse the "OFFER" of the Railroads and Dr. Steelman. The Union heads only signed a memorandum and made no promise their men would accept it. Members by wires to their General Chairmen and Union heads refused to give up a large part of their conditions gained over a period of 50 years for such a poor contract.

Dr. Steelman was awarded a medal by the railroads for his part in the negotiations. His ideas, according to one C. & O. R. R. official, were "pretty much the same as the railroads." About the same time Miss Margaret Truman signed a nice fat contract to sing for the Railroad Radio Hour.

The so-called slowdown strike on the Monongahela Connecting R. R. in Pittsburgh, owned by Jones and Laughlin is really a lockout by the company. The men were simply obeying the operating and safety rules of the railroad. The company wanted to reduce the number of crews and get the same amount of work done.

Railroads have received nine raises in rate since 1945, totaling 61%, given only two raises to Trainmen, totaling about 22%. (61-22=39%). Not a bad profit on labor. Other industries have given workers at least three raises and pension and insurance contracts in the same time.

High salaries of officials are included in Railroad labor cost reports presented in wage cases. One of these salaries would pay a number of producing Trainmen their 365 days a year wages in many cases.

Freight charges on one or two cars, coast to coast, will often pay wages for all crews, yard switching and road, handling the trains in which they are hauled. Many cars have freight charges of from \$1,000 to \$2,500, and most trains consist of more than 100 cars. The Government paid as high as \$8,000 per car to haul war materials from Youngstown, O., to the west coast during World War II.

Trainmen must be examined every 2 years on the book of rules, a half day's time or more, on air brakes, another half day or more and at various times on equipment—AT NO PAY.

A Trainman must have a 21 jewel, specific type watch, inspected monthly and cleaned each 24 months at his own expense. Average watch costs about \$90.00.

Great Revival Series To End On Sunday

The large volunteer choir made up from members of the cooperating churches is shown above as members rest between one of their many numbers which they have been presenting nightly. Rev. John Troy under whose supervision the choir has been working is seated between the organist and pianist. The choir is one of the best volunteer groups Rev. Troy has worked with, he reported.

A typical audience is shown in the above picture with the main floor and balconies filled with interested men and women who have been attending the services. The Sunday audiences are the largest, with many hundreds from out of town in attendances coming by bus and private car.

Christian Business Men To Spur Further Efforts Here

In one of the greatest displays of Christian unity ever seen in this community, New Castle Christian Business Men and more than 50 city and county churches having been working hand in hand over the past three weeks in a cooperative revival effort at the Cathedral.

Literally thousands have been attracted to the Cathedral auditorium as they have listened night after night to the earnest appeals and revival sermons from the lips of Dr. Hyman J. Appelmann of Kansas City, Mo., a former practicing lawyer, who gave up his practice to preach the Gospel to hundreds of cities in United States, England and Australia where he has conducted many campaigns over the past 21 years.

The services are unique in the fact that ministers and laymen from all protestant denominations have worked side by side in the mass effort which in the days ahead will make a better community in which to live as citizens in the church and outside of the church determine to work, walk and live the teachings of Christ as pointed out each night by the visiting evangelist.

At the conclusion of each service, a simple earnest appeal has been given inviting men and women to surrender their lives to Christ. Prayer rooms established for men and women have been handled by trained workers who in no wise urged the seeker to join some particular church but left the selection of church or pastor up to the individual. With more than 1200 names already on file in the campaign office at the Castleton hotel, workers have been compiling the lists and channelling the names to the pastors indicated in order that they might be contacted for church membership.

The movement which was spearheaded by the local Christian Business Men's committee who invited Dr. Appelmann to the city over two years ago has been cooperated in by both lay members and clergy, who set up the campaign machinery. The laymen by vote, chose Rev. George Jones, pastor of the Alliance Gospel Tabernacle as their general chairman and he with other laymen and pastors has been directing the work of the campaign.

Plans are already under way to keep the movement alive among the pastors and laymen when similar campaigns in the years to come might be conducted with even a greater display of cooperation than has been seen in this present campaign.

Following the close of the campaign, pastors and laymen will follow up the work done in keeping in touch with the many converts that the work accomplished might be continued and interest maintained. The Christian Business Men plan along with the cooperating pastors to have two fellowship meetings annually at which the converts and cooperating churches may attend as they look forward to other such Christian work which will be accomplished in the community.

Time will reveal the lasting good that has been done through the cooperative efforts which come to a climax Sunday at the Cathedral.

Harry Culliford Speaks To N.S.A.

Harry Culliford prominent citizen in Civil Defense and Red Cross work addressed the New Castle Chapter of the National Secretaries Association Thursday evening.

Mr. Culliford's talk followed a delicious full course dinner served at 6:30 o'clock, in a local dining room, on tables nicely arranged in the St. Patrick's Day color scheme.

"The Modern Good Samaritan," was the subject of Mr. Culliford's talk. He compared First Aid with the good Samaritan of the Biblical days. Mr. Culliford placed emphasis on the fact that it is of vital importance to recognize the hazards of every day living and to eradicate them rather than to have accidents happen and then apply first aid. He followed his talk with a few worthwhile hints and first aid suggestions.

Ways and Means committee was in charge of the program, and the committee chairman, Helen Keder introduced the evening speaker.

President Olive Webb presided during the evening. She announced that the Ohio state N.S.A. meeting is scheduled in Youngstown, O., at the Hotel Pick-Ohio on March 30-31 and April 1. A group from the local chapter will attend.

April 19, is the next dinner-meeting date, at which time, "Public Stenography," is the topic of an address to be given by Alice Mary Davis, a public stenographer of Pittsburgh, Pa.

Report Clerk Shot By 'Tipsy' Police Officer In Chicago

CHICAGO, March 17—(INS)—

A Chicago policeman described by his superiors as being "tipsy" shot and seriously wounded a 20-year-old clerk early today after he lined the youth and his two friends against a newsstand.

The victim, Fred Kral, was shot once near the heart by Officer John Shannon, 37, who was walking his southside beat.

Shannon was immediately locked up in the district police station and suspended by Deputy Commissioner Philip Breitke. Capt. John T. O'Malley, deputy chief of detectives who ripped off the offi-

cer's badge, said Shannon "had been drinking."

Kral's two companions—William Perpitch, 20, and Michael Hanson, 20, told police Shannon approached them as they were standing in a doorway waiting for a bus.

They said he marched them at gunpoint a half block to a restaurant, lined them against a newsstand and fired one shot, hitting Kral.

MARKS PREVENTED

NEW YORK—(INS)—It's very easy to prevent soil marks behind pictures. Just put a thumb tack at each corner of the frame on the back. Let the heads of the tacks project about an eighth of an inch. The tacks hold the frame out from the wall far enough to permit air to circulate freely around it. Little or no dust will accumulate on the wall.

Pension Fund Appeal Likely

Approximately \$600, has been raised to carry an appeal to a higher court in the hope that the decision of the Lawrence County court which ruled the city officers and employees retirement system ordinance was illegal, and ordered a dissolution of the funds, will be reversed.

It was indicated by a spokesman who is soliciting funds to carry on the appeal that the appeal will become a reality before March 28.

Some employees have contributed and some others have not.

The latter opine that the local court's decision will be upheld and time will be lost in arranging a new pension system.

Those in favor of the appeal say that, several employees, now retired, would be left out by any new pension system.

Some persons are inclined to believe that those who were retired on pension may be restored to service and come under the provisions of a new pension plan. City legal authorities claim this could not be.

NO GROUNDS FOR DIVORCE

VIENNA, March 17.—(INS)—Just because a man has a nose like a vegetable is no grounds for divorce in Austria.

A Vienna court has just turned down the request of a 25-year-old wife for a separation from her 52-year-old cattle-dealer husband because he refused to undergo plastic surgery to change his appearance.

The husband said that to do so would have endangered his reputation at the cattle market where he is known as "the man with the cucumber nose."

Poetry Group Has Workshop Session

The study of the "Pathetic Fallacy," continued when the workshop session of the New Castle Poetry Group convened at the Y.W.C.A., Friday evening.

Miss Allura Leslie planned the program, and authorities for the discussion were the papers of Clement Wood and Lawrence P. Zillman.

Each member wrote a triquet in the French form, and these were read and criticized afterwards. Other original poetry was read at this time.

Mrs. Josephine Alexander announced that another of her poem was published in the latest issue of the Kaledograph. Mrs. Carl Wilson has had two poems accepted by the American Bard.

April 6, is the appreciation meeting for the group.

Jet Fighter In Forced Landing

(BULLETIN)

COLUMBUS, O., March 17.—(INS)—Lockbourne Air Force base

reported a jet fighter made a successful forced landing at the field today but it was denied that the plane touched off a mystery blast in the Cincinnati area.

Lockbourne base operations said a pilot, who was not identified, crash-landed his jet fighter in a field at the edge of the base. Operations said there was no one injured in the landing.

The base denied the pilot jet-tisoned fuel in the Cincinnati area before heading into Lockbourne. It was thought at first that fuel dumped by the crippled craft had touched off an explosion which shook concrete walls and broke windows over a 20-mile radius near Cincinnati.

The common cold is one of the most infectious of all diseases.

"I hereby give my wife this statement that I beat her and threw her out of my home."

Judge Rudolph Desort continued the hearing until March 23 and ordered Lascola produced in court.

To the Voters of Lawrence County

Since county government has become big business, and since I have been one of the County Commissioners selected by you to manage that business for you, in announcing my candidacy for the office of County Commissioner, I feel I owe the voters of Lawrence County an accounting of how the money you paid in taxes has been spent by the present Board of Commissioners.

Lawrence County is in the enviable position of a person who lives within his income. We have no long term indebtedness such as mortgages, and not any of our funds need be used for payments of interest or principle on bonded debt, as of June 1. This excellent financial position is due to a large measure to the policy of the County Commissioners in operating on a "pay as you go" basis. The practice of living within one's income, I believe, is a practice of good housekeeping, and this policy has helped to make possible the low tax rate of 5 1/2 mills for General Fund and one mill for Institutions that we have here in Lawrence County.

In direct contrast to trends of government and business across the country, the cost of operating Lawrence County government has decreased sharply in the last three years. Salaries to non-elected personnel have been increased at the beginning of each year, but even including these increases maintenance expenditures were \$19,788.95 less in 1950 than they were in 1948. This is shown by the following figures, which are all taken from the County Controller's annual reports for these years, on file at the Court House.

Expenditures, less capital outlay, for the following years were:

1948	\$454,440.74
1949	443,612.21
1950	434,651.79

and the tax millage for those years and the current year:

1948	5 1/2 Mills
1949	7 Mills
1950	6 1/2 Mills
1951	6 1/2 Mills

This money was used for a great number of services. These are listed in the Controller's reports under six classifications: General, which includes the cost of the Commissioners' Office, County Solicitor, Court House, Elections, Weights and Measures, Treasurer's Office, Delinquent Tax Office, Real Estate Department, Controller's Office, Recorder of Deeds and Miscellaneous; Judicial, composed of Register of Wills, Sheriff, Coroner, Prothonotary and Clerk of Courts, District Attorney, Law Library, Courts, Constables, Justices of the Peace and Aldermen; Correction, which incorporates Probation and Parole, Juvenile Detention Home, Foster Homes, Correction and Penal Institutions and County Jail; Charities, which besides contributions to charities, takes in money paid Insane Hospitals and Dependent Children; and Miscellaneous, which is made up of Superintendent of Schools, Recreation, Insurance, Military Contributions such as funerals, grave markers, etc.; Retirement Fund and the Lawrence County Agricultural Association.

The County Controller's reports show the following expenditures for the last three years, less those for capital outlay:

	1948	1949	1950
General	\$190,815.21	\$200,516.47	\$194,334.80
Judicial	96,751.09	98,314.75	96,843.67
Correction	83,193.52	83,691.24	79,490.69
Charities	5,669.44	7,770.26	11,534.23
Miscellaneous	78,011.48	51,971.43	50,603.81
Government Expenditures, Tax Refunds		1,348.06	1,844.59
	\$454,440.74	\$443,612.21	\$434,651.79

The capital outlay for this period amounted to:

1948	\$ 53,643.56
1949	19,277.05
1950	105,859.04

Total \$178,779.65

And at the end of these years we had the following cash on hand to begin the new fiscal year:

January 2, 1949	\$170,885.59
January 2, 1950	226,477.64
January 2, 1951	223,360.03

The figures listed above for capital outlay cover the cost of many fine improvements we have enjoyed in the last three years without bonding the county. In memory of the honored dead of the county who gave their lives in both World Wars we gratefully built and dedicated the memorial on the Court House property. Even Grand Jury for the preceding eighteen years had recommended that the county build a new detention home as the building in use for that purpose was a fire trap and a menace to the lives of any juveniles confined there. The cost of the new home built at the Grand Juries' suggestion was approximately \$83,538, and this fine building will be dedicated this year. We spent approximately \$7,117, painting and cleaning the Court House and have made necessary improvements in Court Room No. 2 for which we paid out \$6,154.61. For some time I have believed that we in Lawrence County needed a place where those of us who are stricken with tuberculosis could be cared for temporarily, eliminating the danger of spreading this illness to their families and friends while awaiting admittance to a state hospital for treatment. At the cost of approximately \$4,725 we are this year remodeling the farm house on the county farm into such a hospital. When completed it will be turned over to the Lawrence County Tuberculosis Association who will maintain it. After years of use, it became necessary to rebind and index the county's books and dockets and we had to make an outlay of approximately \$25,750 for this purpose. We have installed an Addressograph System at the Court House which should each year in the future save you further money in operation costs.

In addition to the above capital outlay Lawrence County gave approximately \$48,000 to the city, boroughs, and townships for snow removal after the big snow last November, being the only county in Pennsylvania to give any such aid. This money was taken from taxes paid on gasoline and by law can be spent only for improvements and construction of roads. Out of the same fund we gave an additional \$2,000 to each township and borough in 1950 for use on township and borough roads. Since this money should serve to keep your city, township and borough taxes down, I was very glad to vote that it be used for these purposes.

For the first time in the history of Lawrence County, the county took part in a project designed to provide healthful recreation for the youth of Lawrence County. We built three baseball fields in New Castle, Patton Field on the west side, Hartman Field in Croton and the new field in Mahoningtown. We built a much-needed playground at Park Gate and have rolled and furnished fill dirt for ball parks in Bessemer, Castlewood, Eastbrook, Ellport, Hillsville, New Bedford, New Castle, Volant, Wampum and West Pittsburg.

Since assuming office as County Commissioner my only ambition has been to represent the taxpayers to the best of my ability and to vindicate those who placed confidence in me by giving me their support. How well I have done this you must be the judge. I thank you for the trust you have reposed in me in the past, for the advice and the constructive criticism which have been so beneficial to me.

In requesting your support in the coming election it would be easy to make extravagant promises, which later, when unforeseen circumstances arise, may be difficult to fulfill. I shall not indulge in such a gesture. I will say, however, that if you elect me I will use the experience I have gained to the best advantage of all the citizens of Lawrence County.

Fight For Glory Inside Agriculture Department

WASHINGTON, March 17.—(INS)—A fight for glory is shaping up inside the agriculture department.

The fight centers about the question of who should receive the credit for the department's role in mobilizing agriculture for war.

The duel involves Secretary Brannan and his advisers on the one side, and Ralph S. Trigg, and his production and marketing administration, on the other side.

Early in the current mobilization scramble, Secretary Brannan delegated his powers under the defense production act to Administrator Trigg. These powers included finding out what farmers' needs will be for all-out production and acting as claimant for farmers before mobilization allocation agencies.

But in the past few weeks, as it became apparent that those activities delegated to PMA—the department's action agency—were growing extremely important, there has been some undercurrent work on the part of the secretary's office.

Change Credit Lines

Brannan's advisers have been changing the credit lines on announcements and news releases worked up by the PMA to carry the secretary's office's credit—in- stead of PMA's.

The secretary's office, too, is expected today to announce special advisers to Brannan on the farm fertilizer and machinery programs. This action is seen by some observers as a move to ease in on PMA's work.

These observers also say that the production and marketing administration has been under some criticism for allegedly not doing a good enough job for the farmer. They point out, however, that Brannan has not come to the defense of the PMA.

They couple that point with the fact that Trigg and the PMA were under constant fire last winter and spring for the government's farm price support programs.

Made Several Speeches
Then later in the fall, when the nation began mobilizing with

gusto, Brannan made several speeches to show how well off the U. S. was because of the good over-all food and fiber situation the nation was in because of the price support program.

Other background helpful for understanding the situation is that last year when Brannan waged his unsuccessful fight to gain acceptance of the Brannan farm plan—Ralph Trigg instructed his PMA people to stick to their work of carrying out the law. He told them to keep away from pushing the Brannan plan.

Ralph Trigg, who is keeping a closed mouth on what is going on in the front office, hails from New Mexico, the home state also of Clinton P. Anderson, former secretary of agriculture, now a senator and critic of many department policies.

Teen-Timers Hold Clever Dance At Shenango School

The Teen-Timers of Shenango high school held a "Sadie Hawkins" dance recently in the school's gymnasium, with the girls inviting the favorite boy friend to the combination round and square dance.

Girls were dressed in blue jeans and sweaters and the boys came in overalls and danced in the gym which was decorated to resemble a huge barn. Cecil McConahy called the dances and the barnyard orchestra was composed of Joe Kosinski, Bob Kelch, Joan Munnell, and Florence Leasure.

The dance was one of the best attended affairs of recent years. The most popular dance was the free-for-all where each girl had to "capture" a boy who was to be her partner. During the intermission, a committee headed

by Sally Lou Pearl, served refreshments to the group.

Various committees, under the supervision of Mrs. Roberta Schmidt, were responsible for the success of the dance. The decorating committee consisted of Mary Lou Munnell, chairman; June Reed, Jean Reed, Barbara Burkes, Irene DeChant, Norma Rue, Irene Kervil, Peggy Moore, Joan Pearl, Amelia Letera, Pat Mitchell, and Howard Weale. The advertising committee for the affair was made up of Barbara Sillman, Irene Balmer, and Julia Solomon. Ticket sellers were Elizabeth Nye, Maryann Yarema, Helen Cobler, and Donna Jean Smith.

Members of the Music club chorus will hold their regular weekly rehearsal in the YWCA auditorium Monday evening at 7:30 o'clock in preparation for the oratorio "Hosanna" to be sung in the First Methodist church Sunday evening, April 29.

All singers of New Castle and vicinity are cordially welcome to join the chorus.

Miss Anna Dietterle, librarian, will have copies of the oratorio for rental or sale.

Westminster Alumni Dinner Is Postponed

Paul Gamble, executive secretary of the Westminster Alumni Association has announced that the Lawrence County Westminster Alumni Association dinner, scheduled for the First Methodist church in New Castle on Friday, March 16, was postponed until April 27 because of other meetings conflicting.

He also stated that several program committeemen have been taken ill.

ENGAGEMENT PARTY

"I plan to give my daughter an engagement party. Can you give me some suggestions for this kind of party? How should the announcement be made? What should be served? Whom should I invite?"

Answer: Give a luncheon, a tea, a dinner or an evening party with supper. Assuming that you will choose the last-mentioned, I suggest the following:

Menu: Cold, sliced meat, a salad, rolls, a beverage, small fancy cakes, nuts and candy.

Buy some plain cards, about the size of a visiting card. Write on each: "Announcing the engagement of Miss Anne Smith and Mr. John Jones." Place one of these cards, enclosed in an envelope to fit it, in front of each guest's plate at the supper table. If the engaged pair have visiting cards, both should be placed in each envelope instead of the plain card mentioned. Nothing need be written on them. Their presence together will be sufficient to indicate an announcement.

If you serve beverages, the father of the bride-to-be might make the announcement, at any time during the evening, by proposing a toast: "To my daughter, Anne, and John, whom she has decided to bring into the family."

It is not in very good taste to go to any novel or elaborate means of announcing an engagement. And no general announcement need be made at all during the evening. The mother, daughter and her fiancé may stand near the door to greet the guests as they

arrive, your daughter wearing her engagement ring. To those not having previously met the young man introduce him as "Anne's fiancé," and add "They have just become engaged." To those already knowing him say, "Mary and John have just become engaged."

Power Club Will Meet On March 23

Pennsylvania Power club will meet in the Service Building, March 23 evening to see "Adventures in Research," a motion film presentation by the Westinghouse Electric Corporation. Many interesting facts and demonstrations about television lighting and electric meters will be presented. Several groups of engineers and others interested will be presented.

New Wilmington Battles Mt. Jackson For Tri-County Title Tonight

Shenango Meets Evans City In Consolation At 7 P. M.

Mt. Jackson and New Wilmington meet tonight at the Westminster college gym for the championship of the seventh annual Tri-County tournament. Game time is 8:30.

At 7 o'clock Shenango township battles Evans City for the consolation championship. The Greyhounds of New Wilmington are seeking their second consecutive Tri-County championship. They defeated Mt. Jackson in the tournament finals last year by a 43-38 score. The Mounties will be after their first tournament crown.

Greyhounds Cop Both
In two previous meetings this season New Wilmington came out on top with wins. At Mt. Jackson the Greyhounds won 50-40 and at New Wilmington squeezed by 46-45.

Both teams have played well in the tournament to date and knocked tourney favorites out of the running. New Wilmington defeated Zelenople 48-37 and Union 52-37. Mt. Jackson beat Shenango 54-37 and Bessemer 50-35.

The play of the College Towners has been one of the high points of the tournament to date, and they will no doubt be slight favorites to repeat as champs.

Shenango's scrappy Wildcats will take on Evans City in the consolation final. Evans City won

the consolation crown last year, after bowing to New Wilmington in its first round battle.

At the conclusion of the night's games awards will be made to the outstanding teams and players in the tournament. A fine array of trophies will be presented, it is reported by the tournament committee.

NEW YORK, March 17.—Brigham Young and Dayton meet tonight in the finals of a National Invitation Tournament that has gone a long way to restore Madison Square Basketball to respectability.

Both the Cougars of Brigham Young and the Flyers of Dayton are NIT novices. Dayton never had played at the Garden until this tournament. The Cougars have made six regular season pilgrimages to New York, winning only one game.

But the Cougars and Flyers have produced a hustling, eye-catching brand of ball in which six superbly conditioned athletes—full of the "old college try"—have ground numerically superior squads into the boards.

Six Ironmen
Brigham Young has banked almost solely on a half dozen dependable players—Roland Minson, Joe Richey, Mel Hutchins, Hal Christensen, Jerry Romney and Dick Jones—in walloping St. Louis 75 to 58 and Seton Hall 69 to 59.

Dayton, too, has used six men—Pete Boyle, Gene Hickey, Don Meineke, Dick Campbell, Leland Norris and Chuck Grigsby—in as far as possible in whipping Lawrence Tech 77 to 71, fourth-seeded Arizona 74 to 68 and top-seeded St. John's 69 to 62.

St. John's and Seton Hall play a preliminary consolation game tonight's program.

Meanwhile, the NIT—although definitely suffering from after-effects of the fix scandal—has begun to show signs of recovery.

A Thursday night crowd of 16,815 pulled the total attendance up to 59,935.

Murphy Kayos Dan Bucceroni Ends Bout In Fifth Round

NEW YORK, March 17.—(INS)—Irish Bob Murphy, promising San Diego, Calif., light heavyweight, is back on the winning track today following a St. Patrick's eve celebration of his own at Madison Square Garden.

Murphy stopped Dan Bucceroni of Philadelphia in 51 seconds of the fifth round of a Garden main event last night to erase memories of his loss to Harry Matthews in the same ring two weeks earlier.

Referee Ruby Goldstein halted the bout after the inexperienced Bucceroni proved no match for Murphy at close range. Murphy had him helpless in a neutral corner at the end of the fourth round, and had him on the skids again at the outset of the fifth.

Murphy weighed 177 to 172 for Bucceroni, whose loss was only his second in 32 pro fights.

St. James Wins Catholic Title
GREENVILLE, Pa., March 17.—(INS)—St. James today wore the western regional Catholic league high school crown after defeating St. Michael 47-45 last night in Greenville.

St. James will meet the eastern PCIAA champion on March 20 in the east.

Pirates Hand Mueller Release
PITTSBURGH, March 17.—(INS)—The Pittsburgh Pirates office in Pittsburgh said today a telegram has been received from General Manager Branch Rickey reporting that Catcher Ray Mueller has been given his unconditional release.

The National League has just finished honoring itself for 75 years of action, and the Majors are about to undertake the observance of baseball's centennial year, or some such.

HERE and THERE IN SPORTS LAND

WHILE WATCHING a boxing bout on television Thursday night, a local fan witnessed one of the participants feign grogginess, then suddenly straighten up and deliver a telling blow to his opponent, which caused the announcer, possibly Dennis James at Eastern Parkway arena, Brooklyn, to remark "There is a Chico Garibaldi, if ever I seen one." No doubt the fighter who feigned grogginess and out-tricked his opponent by delivering the telling blow, copied a page from the pugilistic book of Leach Cross, a great lightweight of New York, born in 1886, began fighting in 1906, and ended up in 1921.

It was Leach's habit to feign grogginess, stagger about the ring then suddenly lunge out with a knockout or near-knockout punch. One of his greatest fights, according to Here and There's memory, occurred with Fighting Dick Hyland, a name possibly forgotten excepting by old-time fans. Cross boxed 152 times and scored 25 knockouts, won 14, old-time fans. Cross boxed 152 times, boxed 99 no decision bouts, lost four by a knockout, dropped five other bouts, and lost one on a foul. After his punch days were over he studied and became a dentist in New York City.

The trick by the Eastern Parkway arena boxer recalls that Billy Wagner almost gained a knockout when he out-smarted Lightweight Champion Freddie Welsh in Toledo. During the bout, Wagner stepped back, looked down at Welsh's thighs and remarked: "Your thighs are falling down." When Welsh reached down for his thighs, which were not falling, Wagner smashed him on the jaw, almost felling him. Having been out-foxed Welsh proceeded to give Wagner a real dressing down.

JACKSONVILLE, Fla., March 17.—(INS)—San Francisco's Jim Ferrier—out to take his third straight PGA-sponsored tournament—trails Lew Worsham of Oakmont, Pa., by one stroke going into today's second round of the Jacksonville Invitational.

Worsham, former national open champion, collected five birdies yesterday to card a 67.

Stockholders Meet March 21

Will Nominate New Directors

There will be an important meeting of all stockholders of the New Castle Citizens Baseball Inc., at the Lawrence County Court House at 8 o'clock Wednesday, March 21.

Purpose of the meeting is to nominate directors for the New Castle Indians, and also to discuss the various details of the coming 1951 season. It is planned to increase the number of board members to 15 or 20. There are nine directors at present.

Al Scarazzo, president of the board will conduct the meeting.

Seek Heavy Hitters
Meanwhile plans are going forward to put a heavy hitting team on the field this year. Manager Al Milnar will go to Daytona Beach, Florida, the training camp of the Indians minor league team and seek a few sluggers, also a few more pitchers.

The Middle-Atlantic league will operate the fastest Class C loop in the history of baseball this season, having raised the veteran limit to ten. The limit on veterans has been six in other years.

Business Manager Jack Lewis has his feet on the ground now and is doing a fine job of handling the various club details such as advertising, score-cards and other incidentals.

New York Stocks

Stock Market Is Quiet Today

NEW YORK, March 17.—(INS)
—The stock market quieted down considerably in today's short session. However, prices showed a firm undertone.

A few special issues clicked off gains running to a point, but on the whole price swings were narrow.

Only 290,000 shares changed hands in the first hour compared with better than 400,000 in like periods during the week.

At 11 a. m. the Dow Jones industrial averages were up 63 cents, rails were up three cents and utilities were up four cents.

Steels featured first hour deals price-wise and in activity. Allied Chemical paced a brief rally in that field with a point advance. Aircraft continued to demonstrate strength, notably Douglas which jumped better than two points.

Rails, oils, coppers and rubbers were quiet and steady. Bonds and curb shares showed little change. Commodities held firm.
